<b>Type:</b> Visit                      Conference                      Telephone:            X Incoming                      Outgoing			
Location of Visit/Conference:			
NAME: Gerald Achatz		ORGANIZATION: Achatz Consulting	TELEPHONE NO. (620) 282-9086
SUBJECT: Oil Drilling Operation located within the channel of the Smoky Hill River in Logan County, Kansas			
SUMMARY: KDHE notified the Corps of a proposed and possibly complete oil drilling operation located within the channel of the Smoky Hill River. The Corps attempted to contact the company (Black Tea Oil, LLC) and their site supervisor (Gerald Achatz). Mr. Achatz returned the Corps call and after some discussion he explained that Black Tea Oil was proposing to drill within the Smoky Hill River channel, but they have decided to withdraw that project. As a result they would not be doing any work within the Smoky Hill River. Mr. Luke Cory explained Section 404 permit requirements and Mr. Achatz said that they would contact the Corps if they were proposing to work in any rivers or streams.			
ACTION REQUIRED: Will follow up with KDHE and KCC to determine if a site investigation is necessary.
